## **Flatiron Secures East Loop I-820 Project in Tarrant County, Texas**

**Broomfield, Colorado (December 22, 2017)** – Flatiron Construction Corp. (FLATIRON), one of the largest infrastructure contractors in North America, announced today that it has been awarded the contract by The Texas Department of Transportation (TxDOT) for the Interstate 820 project. The 3-mile improvement project includes reconstructing the existing roadway, building an additional lane in each direction, replacing the Trinity River Bridges, and creating new direct connectors to and from SH 121.

The East Loop 820 project is valued at \$174 million and is part of the [Texas Clear Lanes](#) initiative which is designed to improve drive times and reduce costs while improving the quality of life for Texas.

Construction is expected to begin in the spring of 2018, with completion anticipated in 2023.

### **About Flatiron Construction Corp.**

FLATIRON develops innovative solutions to build transportation and infrastructure projects across the U.S. and Canada, including roads, bridges, highways, rail transit, airports, dams, water treatment and storage facilities for both public and private clients. FLATIRON delivers projects through a variety of contracting methods, including construction manager/general contractor, bid-build, design-build, and public-private partnerships.
