

**29 MARCH 2018****CIMIC'S THIESS SECURES \$140 MILLION MT OWEN INCREASE**

CIMIC Group's global mining services provider, Thies, has secured a A\$140 million increase to its contract with Glencore for coal mining services at Mt Owen in the Hunter Valley, Australia.

Mt Owen is Thies's largest coal mining operation in New South Wales.

Under the variation, Thies will mine additional volumes following a new Development Consent obtained by Glencore. Thies will continue to provide mine planning, design and execution, drill and blast, overburden removal and coal mining services until June 2021 under the amended contract.

CIMIC Group Chief Executive Officer Michael Wright said: "This award reinforces Thies's long-term commitment to delivering value-add solutions to Glencore at Mount Owen, and further reinforces Thies's strong presence in the Hunter Valley where we provide mining services at three mines."

CIMIC Group Executive Mining and Mineral Processing and Thies Managing Director Douglas Thompson said: "We have a proud history at Mt Owen dating back to 1994 when Thies first built the mine. Today we continue to provide world-class services focused on safe and productive mining."
